## LETTER OF TRANSMITTAL

State of South Dakota,  
Office of State Auditor,  
Pierre, September 1, 1913.

FRANK M. BYRNE, Governor.

Sir:—In accordance with Chapter 290, Session Laws of 1909, I have the honor to transmit herewith the annual report of the auditing department of the state for the fiscal year ending June 30, 1913.

The report this year is bound in two volumes. Volume 1, shows the number of warrants issued during the fiscal year, and against what appropriation, giving a complete and itemized statement of every voucher filed in the auditor's office upon which a warrant for the payment of money has been drawn.

Volume II gives the disbursements of the various funds and other information and data that may be of interest to the taxpayers of the state.

General fund warrants issued during the year exceeded by \$428,419.44, the amount issued for the preceding year, and the total of all warrants issued during the year was \$614,602.11, greater than for the preceding year, as shown by the following statement:

### Statement of Warrants Issued by State Auditor for the Years Ending June 30, 1912, and June 30, 1913.

|                        | 1912            | 1913            | Increase     |
|------------------------|-----------------|-----------------|--------------|
| General Fund .....     | \$ 1,276,790.89 | \$ 1,705,210.33 | \$428,419.44 |
| Miscellaneous .....    | 129,167.16      | 215,502.80      | 86,335.64    |
| Permanent School ....  | 501,238.07      | 513,870.00      | 12,631.93    |
| Interest and Income .. | 781,194.48      | 856,012.18      | 74,817.70    |
| Local and Endowment.   | 169,129.79      | 181,527.19      | 12,397.40    |
| Total .....            | \$ 2,857,520.39 | \$ 3,472,122.50 | \$614,602.11 |

The following statement shows the amount of general fund warrants issued during each of the ten fiscal years beginning July 1, 1903, and ending June 30, 1913:

|            |               |
|------------|---------------|
| 1904 ..... | \$ 944,756.15 |
| 1905 ..... | 937,829.76    |
| 1906 ..... | 819,648.23    |
| 1907 ..... | 837,812.21    |
| 1908 ..... | 1,105,534.29  |
| 1909 ..... | 1,215,794.07  |
| 1910 ..... | 1,248,008.55  |
| 1911 ..... | 1,255,593.70  |
| 1912 ..... | 1,276,790.89  |
| 1913 ..... | 1,705,210.33  |

This statement shows an increase as between 1904 and 1913 of \$760,454.00, or over 80 per cent and that the increase between 1912 and 1913 was \$428,419.00, or nearly 35 per cent.

397861

This enormous increase in amount of General Fund warrants is worthy of the serious consideration of every state officer and state board, and particularly so in view of the fact that many thousands of dollars are annually taken from the state treasury by means of special and miscellaneous funds which do not show in the above statement.

In my last report I recommended among other things that all miscellaneous and contingent funds be abolished, that moneys and fees collected by all offices or departments be placed in the general fund, and that sufficient amounts be appropriated from the general fund to properly support and maintain each office, department and institute of the state, and I renew said recommendation at this time, for the reason that I consider these special and miscellaneous funds a disgrace, an invitation to extravagance and graft and a vicious system whereby many thousands of dollars are annually taken from the state treasury without the knowledge of the legislature, as the purpose of bills creating funds is carefully concealed and the bills do not go before the appropriation committee for action. I do not think that a single valid business reason can be advanced in support of the creation or continuance of any one of these special funds and I recommend that they be abolished.

As an illustration of the actual working of these funds, the following statement of expenditures for the fiscal year ending June 30, 1913, out of a few of them will be of interest.

#### Insurance Commissioner

|   |              |
|---|--------------|
| Expended from regular appropriation ..... | \$ 5,570.00  |
| Expended from special funds .....         | 10,801.58    |
| Total .....                               | \$ 16,371.58 |

#### Public Examiner

|   |              |
|---|--------------|
| Expended from regular appropriation ..... | \$ 10,666.60 |
| Expended from special funds .....         | 9,097.34     |
| Total .....                               | \$ 19,763.94 |

#### Dairy Commissioner

|   |             |
|---|-------------|
| Expended from regular appropriation ..... | \$ 2,000.00 |
| Expended from special fund .....          | 4,550.55    |
| Total .....                               | \$ 6,550.55 |

#### Game

|                                  |             |
|----------------------------------|-------------|
| No regular appropriation. ....   | .....       |
| Expended from special fund ..... | \$ 4,801.53 |
| Total .....                      | \$ 4,801.53 |

---

These four departments expended nearly \$30,000 from special funds in addition to the amount which was regularly appropriated for their support and the only limit to the amount that any department may expend from its special fund is the amount they may be able to collect and deposit in such fund. Under the 1913 law the game department will have approximately \$40,000 annually at its disposal.

I believe the framers of the constitution intended that all moneys and fees collected by state officers and departments, except money received from the sale and lease of school and endowment lands, should be deposited in the state treasury to the credit of the general fund and there remain until the legislature saw fit to take it out by specific appropriations and in definite and exact amounts.

Respectfully submitted,

H. B. ANDERSON,

State Auditor.
